

September 2, 2020

We are currently open during all business hours performing both routine cleanings and dental treatment.

What you need to know before entering our office:

- MUST wear mask
- Sanitize hands before and after appointment (available to you in office)

Fill out COVID questionnaire located in our waiting room continuing with the 6-foot rule of social distancing. A team member will take your temperature. If it reads over 100.1, you will not be permitted to go beyond the waiting room. IF a patient reads over, the waiting room will be evacuated and it will be re-sanitized.

If you do not have an appointment, call from outside of office and a team member will be out to assist you; **please do not enter** if you do not have a previously scheduled appointment.

The safety of both you and our staff is **first priority**. We send emails to our existing patients updating of any changes in our schedule or COVID requirements; if you are existing and are not receiving these emails, please let us know at dentaloffice@rivardosmiles.com or call 724-327-2272.

Any questions or concerns, we are happy to help!

We are in this together!!
