

January 1, 2021 COVID update:

We are currently open normal business hours Monday through Thursday for all procedures. As of June 15, 2020 we are doing routine cleaning appointments along with exams and x-rays for those who are due; this has been permitted by both the CDC and ADA.

What you need to know when entering our office:

MUST wear mask

Fill out COVID questionnaire located in the waiting room

Sanitize hands **before and after** appointment

IF there is another patient in the waiting room, continue the 6-foot rule of social distancing

If you do not have a scheduled appointment, call from outside the office and a team member will be out to assist you

A team member will come out to the waiting room to take your temperature (via forehead thermometer) before taking you back to our ops; IF you read over 100.1, you will NOT be permitted to go beyond the waiting room

Our waiting room is sanitized frequently throughout the day.

The safety of you and our staff is FIRST PRIORITY. FOR EXISTING PATIENTS, if you are not currently receiving updated emails and want to be added to our list, email us with name and email address to dentaloffice@rivardosmiles.com.

If there are any questions or concerns, never hesitate to call the office at 724-327-2272.

We are in this together!!
